Licensed: VoiceQ Writer

www.voiceq.com

A world map is depicted using a halftone or dot-matrix style. The map is composed of numerous small green dots of varying density, set against a solid teal background. The continents are clearly outlined by the concentration of these dots. The text is centered over the map.

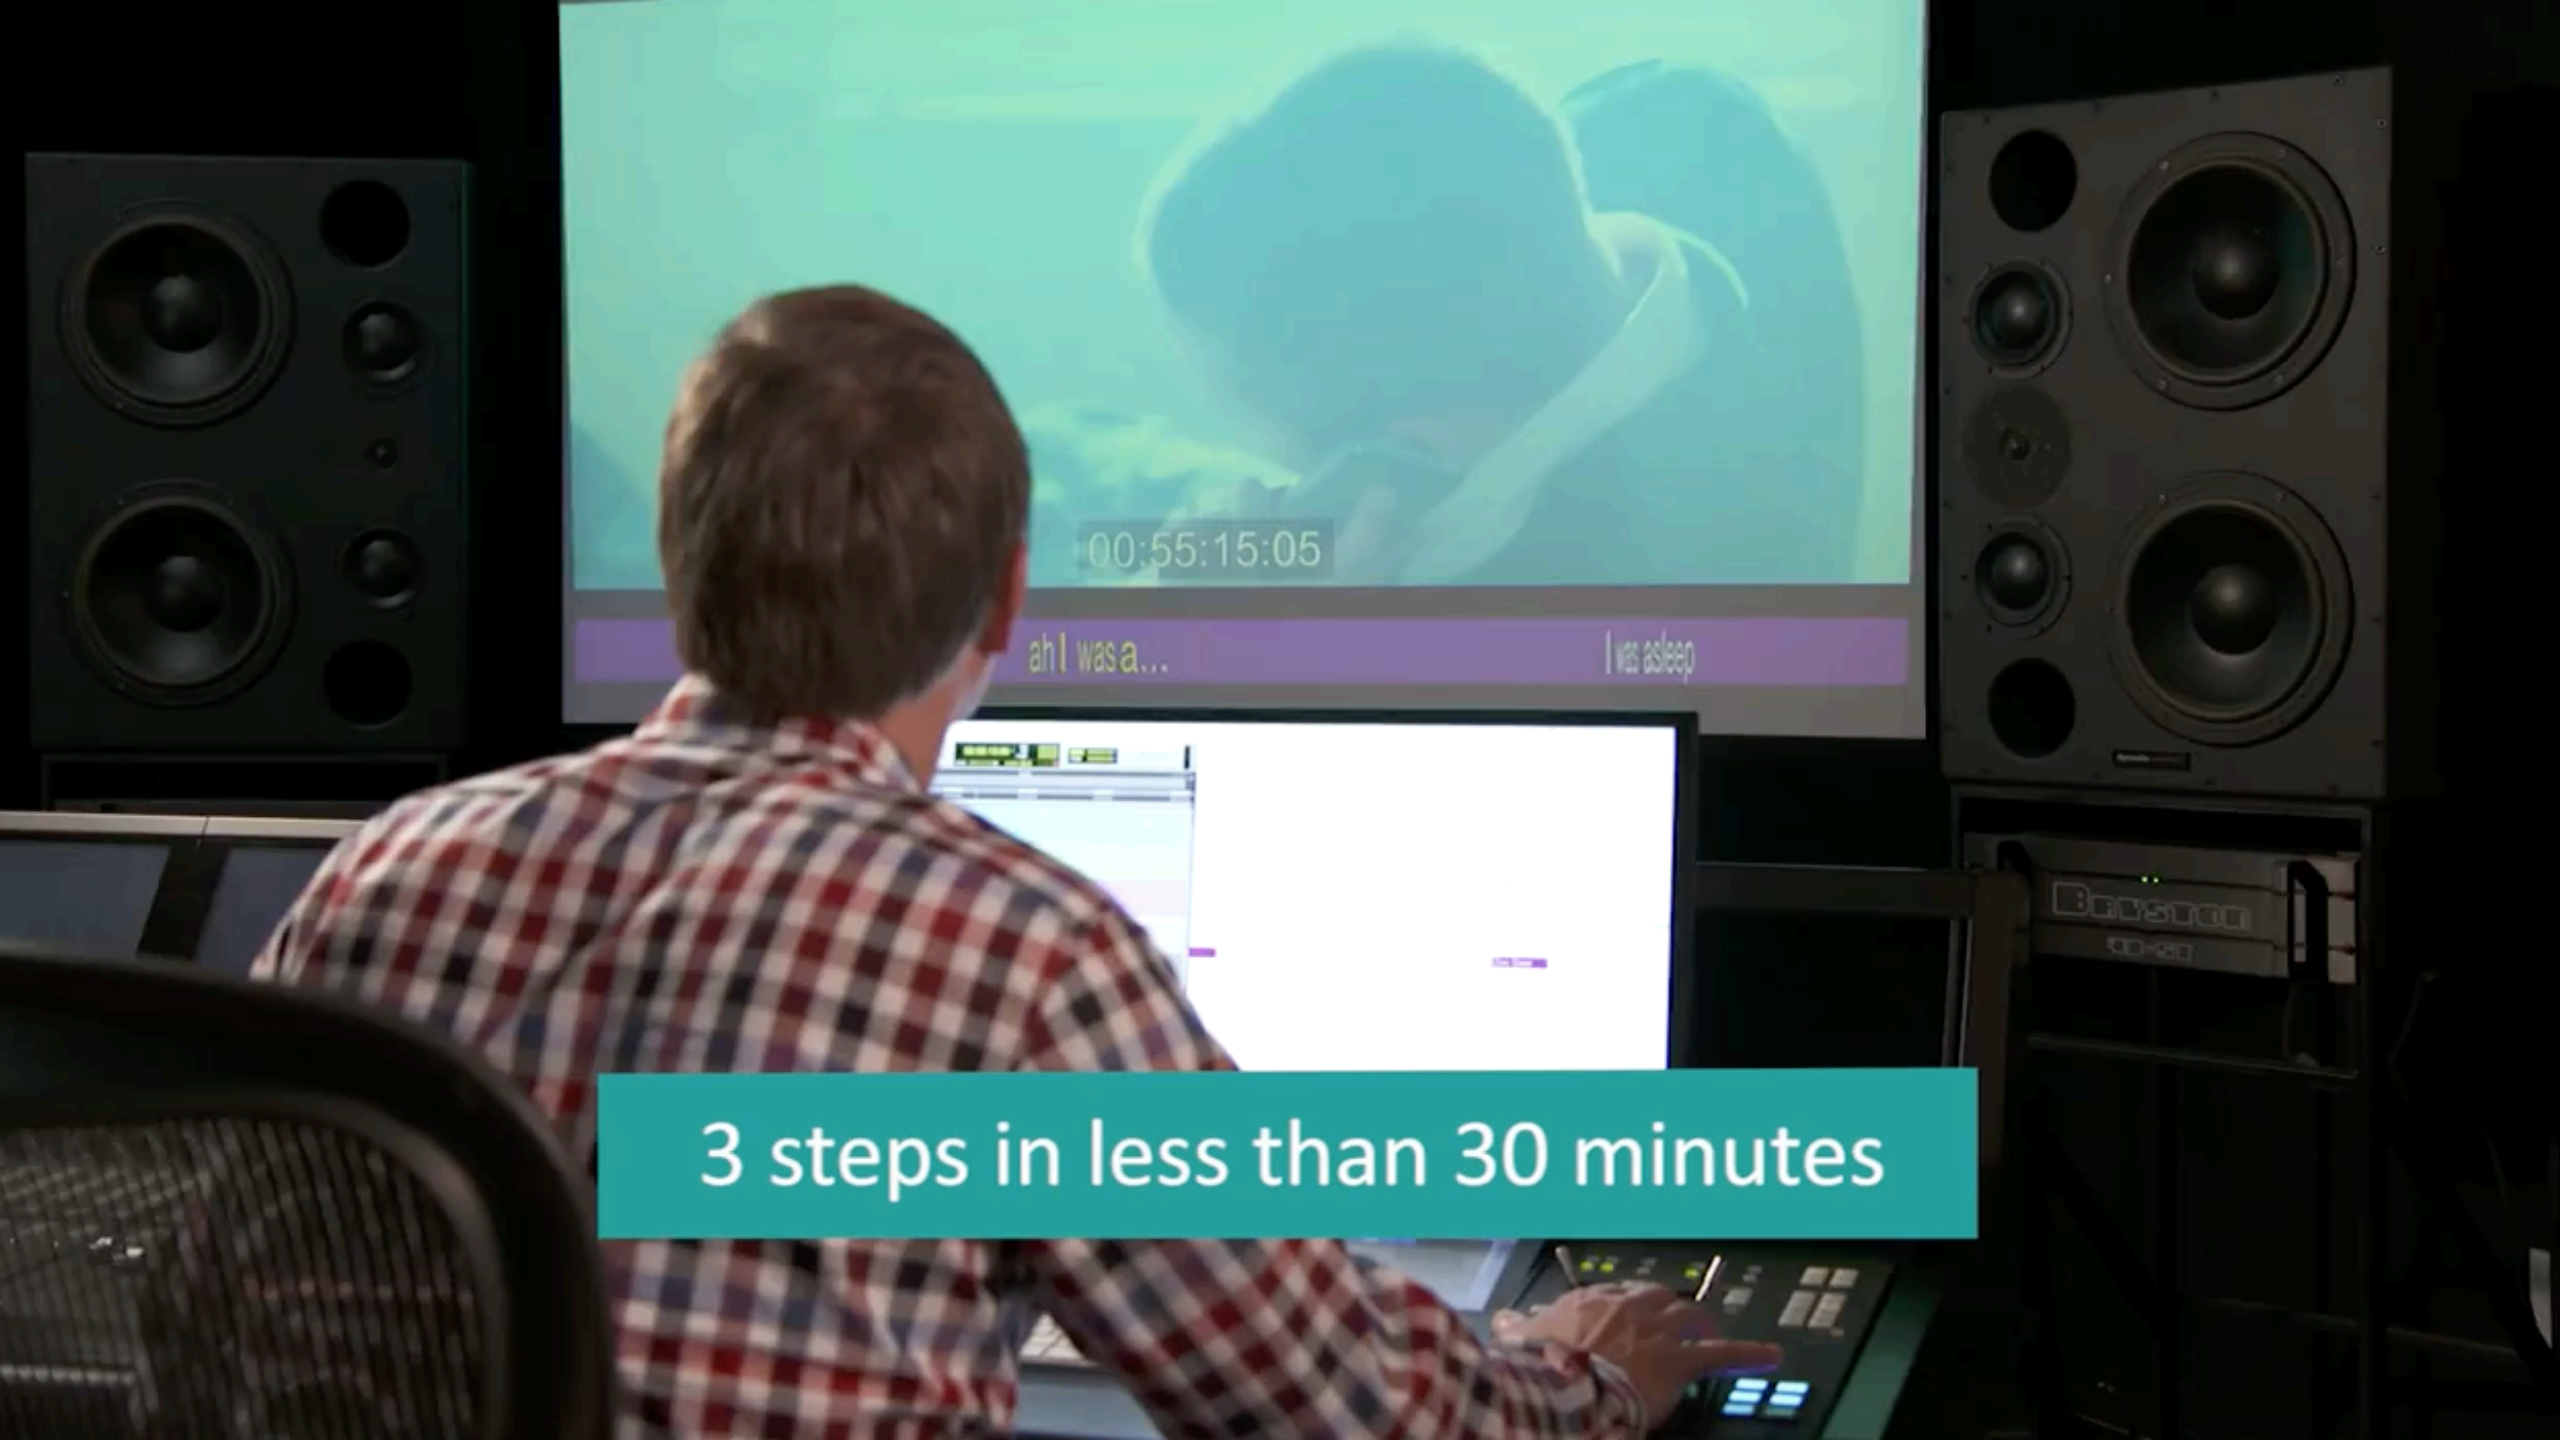

LET US HELP YOU FIND YOUR
VOICE

A woman with blonde hair tied back, wearing large black headphones and a reddish-brown long-sleeved top, stands in a dark recording studio. She is looking towards a computer monitor on a stand to her right. The room is dimly lit, with a microphone on a boom arm visible in the background. A teal text box is overlaid at the bottom of the image.

Increased cue-power – multiple actors & cues

Serge Hamel, *Montreal Canada*
Net Post Production Sound for films & TV series

A middle-aged man with grey hair and a goatee, wearing a white button-down shirt, is speaking in a recording studio. He is standing in front of a grey acoustic panel. To his left, there is a desk with a laptop displaying a waveform, a glass of water, and a mixing console. A desk lamp is positioned behind the desk, casting light on a white brick wall.

Consistently achieves efficient, quality voiceovers

John Harley, *London England*
CEO of Voice Archive UK, Adrenaline Dubbing

A man with short brown hair and glasses, wearing a red and white plaid shirt, is sitting in a post-production studio. He is looking slightly to the right of the camera. In the background, there are large studio monitors and a computer screen displaying a software interface with various colored bars and text. A teal banner is overlaid at the bottom of the frame.
